

TYSON POTTER

IT Support Specialist | CompTIA Security+

(385) 626-8591 • tysonpottersd@gmail.com • tysonpotter.com

Relocating to Overland Park, KS — available within 2–3 weeks of offer

github.com/Tyson-Potter • linkedin.com/in/tyson-potter-6859aa288

SUMMARY

IT support specialist with 4+ years of hands-on experience in Salt Lake City Community College's IT department: imaging and maintaining hundreds of Windows machines, managing thin clients with HPDM, and troubleshooting network and configuration issues at an institution serving 50,000+ students. CompTIA Security+ certified, with self-built security tooling in Python and PowerShell. Relocating to the Kansas City metro at my own expense.

CERTIFICATIONS

CompTIA Security+ ce — valid through January 2029 (meets DoD 8570/8140 IAT Level II baseline)

TECHNICAL SKILLS

- **IT Support:** Windows 10/11, ServiceNow/TeamDynamix ticketing, hardware diagnostics and repair, PC imaging and deployment, HP Device Manager (HPDM), thin clients, printers and peripherals, networking
- **Security:** phishing and email-authentication analysis (SPF, DKIM, DMARC), Active Directory auditing, AI/LLM security concepts (prompt injection, data poisoning)
- **Scripting & Development:** PowerShell, Python, JavaScript, HTML/CSS, React, Firebase, C#, SQL, Git

PROJECTS

github.com/Tyson-Potter

- **Phishing Email Rater (Python):** layered phishing-triage tool combining rule-based checks (SPF/DKIM/DMARC, domain age, spoofing detection), an ML classifier, and an LLM verdict layer into a weighted risk score, with documented failure modes and prompt-injection mitigations
- **PowerShell AD Audit Script:** audits Active Directory for stale accounts, password-never-expires flags, and privileged-group membership
- **Personal Website — tysonpotter.com:** built and deployed with React, Vite, and Firebase

EXPERIENCE

IT Lab Aide — Salt Lake City Community College, Dept. of IT, Salt Lake City, UT | Nov 2021 – Present

- Image and deploy laptops (300+ to date); maintain several hundred computers and dozens of printers
- Stood up IT infrastructure for 100+ computers in 3 days during a lab buildout
- Manage thin clients via HPDM, help manage secure network access, and resolve network and system-configuration issues across multiple operating systems
- Provide front-line support to students and faculty via TeamDynamix and ServiceNow ticketing

Electronics Associate — Walmart, West Valley City, UT | Jun 2019 – Nov 2021

- Provided customer-facing tech support for consumer electronics and managed department inventory

EDUCATION

Associate of Applied Science, Computer Science & Information Systems — Salt Lake City Community College, December 2023
